technical data sheet

LIBERVIT
manufacturer

LIBERVIT **BLACKline**

for Police & Gendarmerie
special forces

LIBERVIT **DÉFENSE**

for military forces

From a general point of view, even the highest performance equipment will not by itself solution all the situations.

It does not completely cancel the risk encountered by the special units' users on an operation.

As a manufacturer we OWE to ourselves and to the users to give priority to quality, reliability, performance and innovations.

We will never be confronted to front line situations but you on the other hand are facing them daily in France or elsewhere around the world and sometime while using one of our tools.

It is at this very moment that our choice of components, raw material to manufacture the tools that you are using, at this very moment when you are about to give the "GO ahead" that the equipment must prove itself failproof!

Internationally, France benefits from a strong reputation in the fields of security at the operational knowhow level as much as in the equipment manufacturing.

At LIBERVIT, we are experienced technicians, our professional ethic is unwavering and above all we know and respect those using our products and because of this close relationship we have considered their insights and suggestions in the making of our tools.

We pride ourselves in manufacturing French. All the labelled equipment that you had, have or will have in your hands, are made in France with more than 90% of components and raw materials of French origin or from close European Union countries such as Germany, Norway and Italy.

Our 25 years in the design and manufacturing of hydraulic and mechanical tools with land and water applications for the army and police special forces, our seriousness, our professionalism, and our never ended search for innovations has made us a key player within these professional environments.

LIBERVIT is represented in over 60 countries through our specialized Distributors network offering commercial advice, demos, maintenance and after sale service.

All of the LIBERVIT team and myself are available to ensure that none of your question remains unanswered.

We wish you a pleasant read.

Yvan CARDONA, CEO

Quality & Reliability

LIBERVIT will provide, for a minimum of 10 years after delivery, any of its tools' spare parts.
All our equipments comply with CE standard.

Unless otherwise specified by us, our equipments are guaranteed for 3 years from the dispatch date. The guarantee covers construction defects as well as material flaws noted by our services.

Our organization, from engineering to customers' service is ISO 9001 certified. It guarantees a high quality, life-long performance and complete reliability of our tools and equipment.

All our tools undergo rigorous test & control before shipment.

We would like to thank you for the trust you keep showing us every day. LIBERVIT has been and still is extremely proud of manufacturing high quality entry tools and to dedicate its resources to design, developing and sharing experiences with end-users. It honours us to display your insignia, a proof of our long lasting relationship, and it would honour us if you would consider sending us yours to appear in our next edition.

ACTION2 - PRY BAR

spread partitions, walls and light-weight doors,
rips out bolt locks and padlocks, raises metal
shutters, etc.

ACTION2

The ACTION2 lever is part of our manual breaching tool range. Its 180° indexable head eases spreading partitions, walls and light-weight doors, helps rip out bolt locks and padlocks as well as raise metal shutters etc. At the other end, a crowbar is commonly used to open either nailed wooden crates, remove nails, pry apart boards or to pull apart two objects. The ACTION2 lever telescopic handle can be extended from 730 mm/2.4 feet to 1050 mm/3.5 feet. The 180° indexable head is made from high-resistance steel foundry covered in a black anti-corrosion coating. A tactical backpack EBP-B has been designed to transport on your back an ACTION2 or SINGLE HEAD levers, a CBT10 or CBT12 bolt cutters and a BS3 or BS5 sledge hammers (Entry kits chapter).
