

MoG Target Combat 9106 - Black

The development of our new synthetic and light combat glove is based on the key features of the Target Light Duty gloves offering maximum dexterity and wearing comfort, allowing perfect control of weapons, and enhanced with the proven and advanced technology of the D3O® impact protection.

Trigger guard reinforcements offering higher durability, dexterity and wearing comfort

Slim-fit finger construction stitched over the fingertips provides extreme high finger sensitivity for perfect weapon handling, operation of radio and delicate equipment

Conductive patches on thumb and index finger for efficient handling of touchscreen devices

C-Grip construction improves durability and protects the index finger against burns during weapon handling

2 flexjoints at the index finger for maximum flexibility during weapon handling

Reload thumb construction - specific design enables perfect mag reloading

Back of hand is made of 4-way stretch, durable, breathable and quick drying fabric

Comfortable neoprene cuff with cutout for watches - fits very well at the wrist allowing maximum freedom of movement at all times

D3O®-knuckle protector offering impact protection level 1 - covered with Cordura® stretch for durability and abrasion resistance

Palm of hand made of DexSuede - 0.6mm synthetic suede combining high dexterity and extremely high finger sensitivity

Mixed silicon print providing excellent grip on weapons, ropes, etc. but also on textiles, sweaty skin, ...

Woven loop serving as a fixing point to belts or carabiners

TPR covered hook and loop closure for adjustable fit

Applications

- _ for weapon handling
- _ for allround tactical operations
- _ for searching / frisking
- _ for patrolling

Target groups

- _ armed forces
- _ special assistance units
- _ law enforcement

Also available

- _ Coyote Brown
- _ Wolf Grey

Standards

EN ISO 21420:2020
EN 388:2016 + A1:2018
EN 407:2020

Sizes : 6 - 12

Colours : black - coyote brown - wolf grey
